Devereux PA Community Services - Wayne, PA 19087

Community Support Professional

\$18 an hour - Contract

Community Adult Autism Partnership Program (CAAPP) and Community Supported Employment (CSE)

CAAPP is designed for adults, 21 years and older, living with an autism spectrum disorder. It provides community-based support and skill development in communication; social skills, self-care, work readiness, vocational training, and community based supportive employment. The goal of CAAPP is to provide instruction and support across work, community and home environments that will facilitate individuals in becoming a more independent, productive, socially connected and personally fulfilled member of his or her local community. This unique model focuses on partnering with community supports to maximize each consumer's potential.

The Supported Employment Program provides services aimed to assist individuals with disabilities in seeking, obtaining, and maintaining employment in the communities. These services are grouped into job finding services ("cold calls" to potential employers, resume building, assistance with job applications, interview skill training, etc.), and job support services (on-site training for individual and employer, on-going maintenance and follow up to ensure longevity). The program serves people with a range of disabilities from physical to developmental issues. Our goal is to secure the least restrictive form of community employment for each individual

Community Support Professional (CSP):

(a) Uses evidence-based instructional strategies to help consumers achieve goals across home, community and work settings. (b) Fills out progress notes and data collection for each consumer. (c) works with the Integration Specialist and BSC (if Applicable) to identify areas of strength and need.

Qualifications: Must be at least 21 years of age and possess a High School Diploma with at least 6 months experience working directly with Adults with Autism, or 1 year of experience working with children/adolescents with Autism. - \$15.00 an hour for non degreed candidates

Degreed candidates require 6 months of experience working with individuals with any developmental disability. - \$18.00 an hour for degreed candidates

Job Type: Contract

Salary: \$18.00 /hour

Required education:

- High school or equivalent

Required license or certification:

- Driver's License
