IV. Methods of Assessment

Assessment	Points
A.) Attendance: Case Conceptualizations	10 X 1 = 10-Points
B.) Article Presentation	20-Points

C.) Midterm Examination	20-Points
D.) Final Examination	20-Points
E.) Final Paper	30-Points
Total	100-Points

- A. **Attendance: Case Conceptualizations:** Throughout the semester various theoretical approaches will be reviewed. At the conclusion of many of these class sessions, a case study will be presented to apply your understanding of theory through a case conceptualization. Your attendance for all class sessions is strongly encouraged for the course. Full participation and engagement with peers on case conceptualization will be counted towards your final grade for the course.

Student Learning Outcomes: A-G

Total Points: 10-Points

- B. **Article Review:** Understanding various theoretical approaches is imperative to this course. Being able to determine what theoretical approach may prove to be more effective with specific demographics is equally as important. The article review requires that students identify and read a scholarly article that analyzes the effectiveness or ineffectiveness of a specific counseling theory with a specific demographic of individuals, i.e. race, ethnicity, disability status, age, spirituality, etc. Students will present their findings within an oral presentation during one class session. This assignment will require the following:

- Title of the article and author(s)
- Name of the scholarly journal
- Counseling theory being reviewed
- Key concepts addressed in the article
- Personal critique of the article
- APA formatting

Student Learning Outcomes: B, C, E, G

Total Points: 20-Points

- C. **Midterm Examination:** A midterm exam in a mostly short answer format will be given at the halfway point of the semester and will focus on the topics covered in the first half of class. A midterm review will be conducted two weeks before the midterm date so that students have an understanding of what to expect.

Student Learning Outcomes: A-G

Total Points: 20-Points

- D. **Final Examination:** A non-cumulative final exam in a mostly short answer format will be given at the end of the semester and will focus on the topics covered in the second half of class. A final exam review will be conducted two weeks before the final exam date so that students have an understanding of what to expect.

Student Learning Outcomes: A-G

Total Points: 20-Points

- E. **Final Paper:** A final paper will be due on the second to last night of class. The theme of the paper is “Your personal orientation to counseling.” Students will write a 5-7 page final paper using APA formatting that discusses which theories of counseling resonate most. A hand-out will be provided describing in detail what is expected. A rubric for the final paper will be provided. Please consider using information gathered from the assessment on your theoretical orientation.

Student Learning Outcomes: A, B, C, G

Total Points: 30-Points

V. **Final Grade Scale**

Note: All students in the Graduate Counseling Program MUST receive a grade of **“B” or higher.** If a student fails to do so, **he or she must repeat the course before continuing in the program.**

Please see the SGPS Academic Catalog or Graduate Counseling Student Handbook for additional information about course grades and academic integrity:

Students are responsible to become familiar with and will be held accountable for the information on the following topics that can be found within the Academic Catalog.

Attendance Policy: Timely, consistent attendance in class has been shown to have a direct correlation to student performance. Missing classes causes students to fall behind in the course material. The policy for this class is that undocumented absences and tardy attendance are unacceptable. Absences are permitted only in cases of illness or other legitimate causes (family emergency, death in the family, etc.). Official notice that a student has presented documentation for an absence is sent from the Office of the Dean of Students to faculty on a timely basis. In cases of a documented absence from a class, the student has both the opportunity and responsibility to make up all class work missed.

Students are allowed documented absences equivalent to one week of classes for any course in which they are enrolled. This amounts to three absences for a class that meets on MWF schedule, two classes for courses meeting either on a TR or MW schedule, and one class for labs and classes that meet only once a week. Absences are counted from the first day of class.

Entering the class late or leaving the room during class interrupts the classwork in progress and is disruptive to the learning process for students who are trying to learn. Class attendance is required, and roll is taken each period. Serious tardiness may result in a failure of the course.

Academic Integrity: Academic integrity is important to the intellectual climate at Rosemont College. Violations of academic integrity cannot be tolerated and may result in the student's failure in a course and/or suspension or expulsion from Rosemont College. Academic dishonesty includes but is not limited to: plagiarism; fabrication of data, information, or citations; multiple submissions of the same work in different courses; and cheating on exams or assignments. Cheating of any kind WILL result in a zero on the work in question and a letter grade reduction in the course grade after the student's grade is calculated using the zero on the work in question. At the instructor's discretion, it may also result in failing the course and/or reporting of the incident to the administration for further action.

Class Assignments: Assignments that are not completed by the stated deadline will not be accepted, unless prior arrangements are made with the instructor. Such circumstances must be supported by written documentation from an acceptable third party.

Communications: Changes in schedules, assignments, guidance, etc. will be communicated only to your Rosemont e-mail address. E-mail is the preferred way to communicate with the instructor and must be sent to the e-mail address listed on the front of this syllabus.

Disability Statement: If you have been approved for accommodations under ADA/504, please speak with the professor outside of class so that it is certain that all accommodations are provided promptly and completely. If you have not yet been approved for accommodations under ADA/504, but believe you might be entitled to them, please contact the Dean of Students in the Student Life Office at extension 2400 immediately. It would also be wise to speak with your professor, since temporary arrangements may be made under certain circumstances.

Student Concerns: Students who have any course-related concerns should talk directly with their faculty member prior to the next class meeting. If a mutually acceptable resolution cannot be achieved, the student is advised to follow the procedures outlined in the appropriate Student Handbook.

Cell Phone Use: In order to be able to receive campus-wide safety or weather alerts, cell phones may be left on vibrate only during class. Absent prior permission from the instructor, students may not acknowledge other messages or phone calls nor may they ever send or receive text messages during class. Please keep your phone hidden from the class and on vibrate only. Cell phones should not be used for internet purposes unless related to class assignments and instruction.

Use of Laptops or Other Electronic Devices: The use of personal laptops and other electronic devices during class sessions is strongly encouraged for the purposes of researching course material and engaging in classroom discussion. Students should not use their personal laptops for any other purposes during any class session. Failure to abide by this policy may impact your final grade.

Recording Lectures: Neither video nor audio recording may be made of any lecture in this course without the express consent of the instructor.

Inclement Weather: The Rosemont “snow number” is Montgomery County 342. Announcements of closings are also posted on the website and placed on the main college number, 610-527-0200. Students are encouraged to register their cell phone or email address to e2Camplus on the iWay for cancellation notices.

Course Website: Information for this course, including, but not limited to, an electronic copy of this syllabus, is available through the course website located in the Rosemont College online learning portal (Canvas) located at <https://rosemont.instructure.com/login/canvas>. See your instructor if you have questions about accessing the course website.

Submitting Papers Electronically: Writing assignments for this course are to be submitted electronically via the course website.
