Opening in the fall of 2019, Rosemont's new Sharon Latchaw Hirsh Community Center will be the hub of activity on campus. This new 73,000-square-foot addition to campus will feature an expanded dining area, a game room/café, a large two-story common atrium, a new bookstore, a large multipurpose room for use by athletics and for College events, smart classrooms and study rooms, and offices and gathering spaces for Student Life and student organizations, as well as a fully equipped fitness center. Rosemont's new Community Center will be the go-to place on campus for students and all members of the College community.

NEW for Fall 2019
Experience the POWER of small for yourself. Visit us and get to know us. Sit in on a class. Explore the campus. Have a meal with us. Meet our faculty. Talk with our students. We can't wait to meet you and share the POWER of small with you.

Rosemont's campus is open Monday through Friday and select Saturdays to all prospective students and families.
• Fall Open House: Saturday, October 19, 2019

Accreditation: Rosemont College is accredited by the Middle States Commission on Higher Education.
the **POWER of small** is:

... doing a research project side by side with your professor.
... your coach knowing your mom’s first name as well as your backhand swing.
... learning as much from your classmates as from your professors.
... eating lunch with the President in the Community Center.
... being able to form a club of your own choosing.
... gaining confidence to make your dream career a reality.
... making friendships that will last a lifetime.
... being known for who you are and who you are becoming.

*this is the **POWER of small***
The Mission of Rosemont College
Rosemont College is a community of lifelong learners dedicated to academic excellence and fostering joy in the pursuit of knowledge. Rosemont College seeks to develop in all members of the community open and critical minds, the ability to make reasoned moral decisions, and a sense of responsibility to serve others in our global society.

Rooted in Catholicism, Rosemont welcomes all faiths and is guided by the principles of Cornelia Connelly and the Society of the Holy Child Jesus to meet the needs of the time.

Rosemont College values: Trust in and reverence for the dignity of each person; Diversity with a commitment to building an intercultural community; Persistence and courage in promoting justice with compassion; Care for the Earth as our common home.

A Rosemont Education
Your experience at Rosemont will be grounded in the College’s mission. Our unique approach to a liberal arts education is focused on enhancing your unique gifts and talents. At Rosemont, you’ll learn to pursue knowledge with a multifaceted view of the world. You’ll be encouraged to think critically, analyze information effectively, and make decisions based on reasoned reflection.

A Rosemont education will equip you for a lifetime of success, no matter the path you choose.
I consider my Rosemont experience to be one great learning adventure. As I look back at my years at Rosemont, I can clearly see how I grew year to year due to my involvement on campus, and the support of the faculty and staff. There is POWER in learning in a supporting environment where everyone is rooting for you. I am now a CPA working as an Assurance Associate at CohnReznick LLP in Washington, DC.

− Carlos Aguilo ’16, MBA, ’17
CPA, CohnReznick, LLP

Business
Whether you want to create your own start-up or join a Fortune 500 company, Rosemont’s Business programs will give you the highly sought-after skills of critical thinking, analysis, and leadership, enriched and supported by a mind-broadening liberal arts framework.

**Humanities and Social Sciences**

A Rosemont degree in the Humanities or Social Sciences gives you the skills to think critically, to analyze the human experience, and to be able to make ethical decisions in any field of work or future course of study you choose.

**2 Degrees in 5 Years**

- Criminology or Sociology Major
  - MS in Homeland Security & Emergency Management

- Any Humanities Major
  - MFA in Creative Writing
  - MA in Publishing

**2 Degrees in 6 Years**

- Criminology, Psychology, or Sociology Major
  - MA in Counseling

My World Religion professor saw I was drawn to this subject area, before I even realized it myself. That professor **encouraged me** to think about why I was drawn to it, and **challenged me** to think about what studying religion might mean to my life after Rosemont. I graduated with a degree in Theology and Religious Studies, and entered Yale Divinity School on a full tuition fellowship to get my master's degree. Rosemont gave me the **POWER** to make this happen. My professors saw potential in me, even when I didn't. Because of the **POWER** of small at Rosemont, I am doing what I love and what speaks to the real me.

—Sarah Schork ’19
Yale Divinity School Fellow
I have always wanted to be a doctor. I am from California and I came to Rosemont College for the Science program. Dr. Skokotas helped prepare me in so many ways. I am now a medical student at Drexel University. I am still in close contact with the friends I made at Rosemont. It was such a supportive and collaborative environment, and I will treasure those relationships for the rest of my life. I find great POWER in the fact that I gained so many valuable skills from Rosemont that I utilize every single day of my career, and that I made friends I will have for a lifetime."

— Archana Ganta ’17
Medical Student
Drexel University
College of Medicine

Natural Sciences
Do you want to discover a cure for a disease, conduct research, or test theories? Rosemont's POWER of small will help you pursue those dreams. You will join Rosemont professors and students in the Natural Science programs in conducting hands-on undergraduate research, publishing your results, and presenting at national and local scientific meetings.

the POWER of small is BIGGER
Joint Degree Programs in Healthcare and Medical Sciences
Qualifying students have the opportunity to enter advanced degree programs in fields such as medicine, pharmacy, and nursing at:
• Drexel University
• University of the Sciences
• Philadelphia College of Osteopathic Medicine
• Salus University

rosemont.edu/sciencepartnerships
You can be a successful teacher who will engage the hearts and minds of young people. Rosemont’s focus on individual mentoring and small class size gives you the room to explore your strengths and develop what you will bring to your future classroom. You’ll be immersed in the field through classroom observation beginning in your first year of study, which allows you to develop your unique style of teaching.

I came to Rosemont from a large high school and I was very shy. Rosemont’s environment gave me the *POWER* to find my voice. Not only do I have a voice here at Rosemont... *my voice is heard.* Dr. Falconi, who is the director of Rosemont’s education program, has helped me realize that my ability to communicate mathematical concepts is a valuable skill. I am confident that I will be able to teach math in a way that inspires others to love math.

— Izzi Moraschi ’20  
Math Major  
Future Math Teacher

100% of 2017, 2018, & 2019 Education graduates seeking employment were offered full-time jobs in the field of education.
Studio Art & Design

Do you dream about a career in animation? Have you always loved seeing your creativity come to life on a canvas? Is design something you can’t live without? In the Studio Art and Design program, you’ll be guided to careers in fine arts, graphic design, or art therapy by faculty who are practicing artists and designers.

You’ll also have access to a state-of-the-art Mac lab, drawing/painting studios, a ceramics studio, and a printmaking studio on campus to bring your art to life.

All senior art students participate in the Senior Art Exhibit in the Patricia M. Nugent Gallery and graduate with a professional portfolio.

The **POWER** I gained at Rosemont is self-confidence. I initially wanted to go to the Naval Academy, but I was rejected because I am color blind. I came to Rosemont as a Criminal Justice Major. I took Professor Willse’s Drawing Class, and he complimented me on my work. I switched majors and the rest is history.

I found a community at Rosemont, and started a Graphic Design Club. Being a graphic design major at Rosemont, color blindness doesn’t matter!

Honors Program
Do you want a community of like-minded students who thrive in an academic atmosphere that is personal, challenging, and rewarding? As an Honors student, Rosemont’s POWER of small means you can enhance your academic career and enrich your time at Rosemont.

Among the many advantages of being a Rosemont Honors student are:

• Special housing in living-learning communities, including Gracemere, our “Honors House.”
• Honors classes and seminars.
• Opportunities for advanced research and internship projects, and to present at intercollegiate Honors Conferences.
• The opportunity to serve on the Honors Board and organize events for the entire College community.
• The distinction of being recognized at Commencement.

Three-Year Accelerated Bachelor’s Degrees
Rosemont offers three-year degrees for qualified students in Biology, Chemistry, English, English with Writing Track, History, Political Science, Psychology, Sociology, and all Business majors.

First-Year Connections Seminar
Connect with Rosemont and you’ll be off to a great start. During your first semester, your First-Year Connections Seminar (FYCS) will introduce you to academic life at the College and orient you to the academic resources Rosemont has to offer. FYCS faculty serve as mentors to guide you and connect you to the Rosemont community.
All Rosemont undergraduate students have at least one learning experience outside of the classroom before graduation. Many complete more than one. Why? Because hands-on learning will not only give you practical experience, it will often set you on the path of your career.

**Internships**
Imagine having the chance to actually do the work that you aspire to do before you fully commit to it as a career. That is the beauty of an internship. You may discover you love it. You may discover it isn’t for you. Either way you will learn from it, having applied the theories and practical skills you have learned in classrooms to the real world.

**Service Learning**
Helping the community. Learning from others. Understanding the impact of service organizations. If these things appeal to you, you will take the subject matter you are studying and actually use it to complete a structured service project to fulfill a community’s needs. The project might be big. It might be small. But, you and the community you are serving will be better because of it.

**Undergraduate Research**
Are you the person who always asks, “why?” Does the challenge of the unanswered question make you come alive? Then consider engaging in research. Conducting research as an undergraduate at Rosemont will not only enhance your understanding of your area of study, it will prepare you for graduate programs and provide you with valuable connections in your chosen field. And, you may just discover the answers to those questions after all!

**Study Abroad**
Whether it is for a semester, a summer, or just a fall or spring break, you can experience another country’s culture! You will study, play, eat, sleep, explore, and absorb all that it has to offer. Do you think you will be the same person when you return home? It isn’t possible! You’ll be changed, for the better. Your view of the world will be broader, and you’ll be more secure in your place in it.
What makes an excellent learning environment isn’t just academics. Outside the classroom, Rosemont offers comprehensive services in health, wellness, and support, so you can be healthy, happy, and successful.

Clubs and organizations, as well as athletics, add to the fullness of the Rosemont experience for both residential and commuting students. You’re sure to find something just for you!

Life at Rosemont

Housing at Rosemont
You’ll find your home in Rosemont’s residence halls. You’ll also find security and convenience. Our residence halls are equipped with a security access card system, and laundry, kitchen, and vending facilities are available for student use. In addition, most rooms have their own sink for convenience and privacy.

Residence Life
The Office of Residence Life creates a positive community for you by cultivating an environment that supports wellness. ResLife staff provide the resources for vibrant communal living, by offering a 24/7 support system for students. There is always a professional staff member on call (including during College breaks).

Dining Services
You’ll enjoy memorable dining experiences at Rosemont. Our executive chef prepares a variety of dishes to satisfy even the most selective eaters using only quality ingredients, generally from local farms and producers.

Students with special dietary needs and food allergies can feel confident that their needs will be met. Students have two options for dining: a restaurant-style buffet and a café-style grill in the new Community Center.
I went to a small high school, so I knew a small college was for me. Rosemont has helped me form more meaningful relationships than I ever had in high school. I am a History major with a Political Science minor. My professor and adviser, Richard Leiby, is important to me. He sees my potential. When I speak with him, he does more than just listen to me, he gives me feedback and helps me find a way to solve the problem or change the outcome. There is POWER in this kind of connection with your adviser. I too want to have the POWER to influence lives.

− Anya Brooks ’20
History Major

Campus Services

Counseling Center
College will change your life dramatically and often involve adjustments ranging from the academic and social to the economic. The Counseling Center at Rosemont College is committed to promoting your personal growth and development and assisting you in overcoming obstacles that may affect your academic success. The Center offers a safe atmosphere for you to discuss any personal concerns or difficulties you may be having. All services are voluntary, confidential, and included with tuition.

Student Academic Support
One of the most popular places on campus is the Student Academic Support Center. There you’ll find everything you need to succeed academically. Our tutors and advisers help students with everything from selecting classes and preparing for exams to revising papers and presentations. The Student Academic Support Center is an integral part of the support and encouragement you’ll receive to ensure your academic success.

Campus Safety
The Office of Public Safety ensures a safe campus. Officers are on patrol by foot, bicycle, and car 24 hours each day. All entrances to campus, except our main entrance, close at 8:00 p.m. each day. The main entrance is secured by an on-duty officer each evening and overnight. All residence halls are locked 24 hours a day and accessible by swipe card access only. For more information, go to rosemont.edu/publicsafety.

Academic Explorations Program
If you are undecided about your major, take advantage of our Academic Explorations Program, which offers various programs and workshops to assist you in choosing a major and a future profession.

Wellness Center
The Wellness Center offers services, included with tuition, that assist you in maintaining good health by providing medical and first-aid care throughout the academic year. In addition, the Wellness Center offers comprehensive educational services to maintain or improve your physical and nutritional health. The Center is staffed by both a registered nurse and a consulting physician.
Student Clubs and Organizations

Whether you want to sing in Cornelia’s Choir, run for Student Government, join the Book Club, or get your ohm on with the Yoga Club, there is a student club or organization for you at Rosemont. And, the best part? If the perfect club for you doesn’t exist yet, you can organize it yourself.

Check out our more than 20 clubs and organizations. There is never a dull moment at Rosemont!

www.rosemont.edu/clubs
Rosemont College welcomes you and encourages you to get involved in activities and make long-lasting connections and friends, even if you don’t live on campus. Commuters are welcome to join any programs that are held in the residence halls, given the opportunity to serve on the Commuter Student Committee, and hold leadership positions across campus. Free parking is available.

International Students

Part of what makes Rosemont attractive is our cultural, socioeconomic, religious, and ethnic diversity, all of which are tied to our mission. We enjoy having students from all over the globe in our classrooms who contribute to our community’s understanding of the world in exciting ways.

Commuter Students

Rosemont College welcomes you and encourages you to get involved in activities and make long-lasting connections and friends, even if you don’t live on campus. Commuters are welcome to join any programs that are held in the residence halls, given the opportunity to serve on the Commuter Student Committee, and hold leadership positions across campus. Free parking is available.

I wanted a small school and Rosemont was recommended by my mother’s friend. I liked the teacher-student interaction at Rosemont and how the professors help students navigate their own way. No one gets lost in the crowd. I was interested in Philosophy and Political Science and one of my professors encouraged me to enroll in the dual major. Even though I was a commuting student, I was involved in this welcoming community that gave me the \textit{POWER} to develop my personality and discover new interests. I am proud to say that I am now pursuing my master’s degree in Political Science at Villanova University on a full academic scholarship. Rosemont helped me develop and achieve my goals!

— Vince Carchidi ’19
Current Graduate Student
Villanova University
As a Catholic college guided by the educational principles of Cornelia Connelly and the Society of the Holy Child Jesus, Rosemont College is dedicated to developing the spiritual lives of students of all faiths and traditions during their transformative college years.

Cornelia Connelly, founder of the Society of the Holy Child Jesus, believed in “Actions, not words.” At Rosemont that means you’ll grow through building community and doing service for others. Campus Ministry enables you to put Rosemont’s mission into action by helping you develop leadership skills, know yourself better, and incorporate spirituality into your daily life.

**Campus Ministry**

I actually do feel a sense of POWER since being at Rosemont. I feel bolder. Before I came to Rosemont, religion wasn’t on my mind. Then I was introduced to Campus Ministry, and I soon realized it was about more than just religion. Campus Ministry helped get me out of my comfort zone and be bolder. It helped me find a sense of myself and my purpose in this world.

— Avery Bramell ‘21
Education Major
I have always wanted to be an animator and I was thrilled when Professor Maggie Hobson-Baker offered to work with me personally to develop the skills I needed. She has the right combination of guidance and flexibility that really works for me. I am also a commuter. Even though I do not live on campus, I have a community. I am the Vice President of the Graphic Design Club which I helped create. That experience helped me learn the POWER of leadership. I am so thankful that I transferred to Rosemont.

− Alex Teti ’20
Transfer Student and Future Animator

Transfer Students

It is easy for transfer students to feel at-home at Rosemont. The POWER of small allows you to meet people, make friends, and get involved in activities across campus. Transferring to Rosemont is simple whether you are coming from a two-year institution or a four-year college. An admissions counselor will help you navigate transferable credit reviews, scholarship availability, and the application process.

Articulation Agreements

Our articulation agreements are designed to build strong partnerships and ease the process of transferring to Rosemont. These agreements specify the number of transfer credits and approximate length of time required to complete a bachelor’s degree at Rosemont after finishing at a two-year institution. Partnership colleges include:

- Bucks County Community College
- Community College of Philadelphia
- Delaware County Community College
- Harcum College
- Manor College
- Montgomery County Community College
Rosemont is where I gained the power to be my authentic self. I am a member of the men’s lacrosse team. Not only did I learn about teamwork, time management, and commitment, I learned that I truly enjoy the sport. At Rosemont being outgoing allows me to get to know everyone. I have made some of my very best friends at the College, friends I will have for the rest of my life. It is always a great day to be a Raven!

— Mason Dennis ’22
Men’s Lacrosse Player

There is no better feeling than being part of a team—especially a sports team. Working to reach a common goal, whether that’s winning a game or getting through a practice, will develop your teambuilding and time-management skills. Participating in one of our 13 Division III sports teams will increase your own determination, confidence, and passion. Our student athletes engage in service through Campus Ministry and the Cornelian Service Corps and excel in the classroom, thanks to the specialized attention afforded by a 10:1 student-faculty ratio. That truly is the power of small.

Admissions & Financial Aid

The undergraduate admissions process is designed to create opportunities for any student showing the potential for success. Rosemont College follows a rolling admissions policy. Applications for admission are reviewed on a rolling basis, after all required documents are received.

- Official high school transcript
- Official SAT/ACT score report (not required if applying ROCO option)
- Letter of recommendation (optional)
- Admissions essay (only required if applying ROCO option)

Complete a free application for admission at rosemont.edu/apply. Rosemont College is a part of the Common Application.

Early Action Promise:
All First-Year students who submit completed applications for admission no later than November 1, 2019, will be guaranteed an admission decision by December 1, 2019.

Honors Program:
Students applying to the Honors Program should submit their application on or before March 1, 2020.

Make it Official:
Students accepted for admission are encouraged to submit an enrollment deposit to reserve a seat in the fall 2020 entering class by May 1, 2020.

2019 Incoming Student Profile:

- First-year Students: Average GPA: 3.25
  Middle SAT Range: 960-1120  Average SAT: 1031  Middle ACT range: 16-20  Average ACT: 18.3

- First Year Honors Students: Average GPA: 3.73
  Middle SAT Range: 1240-1300  Average SAT: 1241  Middle ACT Range: 22-23  Average ACT: 22.5

- First Year Test Optional Students (ROCO): Average GPA: 3.39

- Transfer Students: Average GPA: 3.02

Scholarships:
Students are automatically considered for merit-based scholarships when they apply; a separate application is not required. To learn more about scholarships and criteria, visit rosemont.edu/scholarships.

Financial Aid:
Tuition cost shouldn’t be a barrier to obtaining a private college education. Our financial aid officers are available to talk about how to pay for college, including scholarships, grants, and Rosemont’s Our Tuition Promise.

The Financial Aid Office is open Monday through Friday from 9:00 a.m. to 5:00 p.m. and by appointment. Contact us at 610.527.0200 x2221 or finaid@rosemont.edu.

98% of Rosemont students receive financial aid or merit scholarships. In 2018 Rosemont College was ranked 12th out of the 93 private colleges in Pennsylvania for lowest average student debt.

Rosemont is an affordable private-college option for all families. In response to the national trend of skyrocketing tuition prices, in 2015 we reduced our tuition costs by 43%. Rosemont’s tuition remains far below the average cost of private colleges in Pennsylvania.
Rosemont College is 11 miles west of Philadelphia in the heart of the Main Line. Our beautiful campus is close to area colleges and universities and lots of fun and interesting things to do, from dining and entertainment in Bryn Mawr to concerts, sporting events, and art exhibits in Philadelphia, New York, and Washington, DC.
Experience the POWER of small for yourself.
Visit us and get to know us. Sit in on a class. Explore the campus. Have a meal with us. Meet our faculty. Talk with our students. We can’t wait to meet you and share the POWER of small with you.
